NHHRA Issues Scorecard to Help Raise Awareness on Member's stands on Platform and Constitutional Issues.

Concord NH- For as long as one can remember, the voters of this state have sent Republican majorities to Concord. It is done with the trust and hope that their Representatives will stand for the ideals and platform issues they elected them on. The New Hampshire electorate has a right to know how their respective Representatives vote while they're in Concord.

The attached **SCORECARD**, is based upon those principals, our Pink Sheet recommendations,* and the NH and Federal Constitutions.

"You may recall that in 1987, Ronald Reagan, citing an Old Russian proverb, said that the foundation for the new US-Soviet relationship surrounding arms control would be "trust, but verify". This Scorecard verifies the performance of each and every Republican representative, based on their votes on platform and constitutional issues", said Nashua Representative Michael Balboni

"A significant cause of the problematic legislation being passed by the house and senate is the failure of elected Republicans to support Republican principles with their votes. This report serves as the voters' right to know regarding the legislative conduct of their elected representatives", said Warren Representative Robert Giuda.

The purpose of the House Republican Alliance is to preserve and strengthen the traditional principles and values of the Republican Party through the NH House of Representatives and throughout the state of NH, including fiscal restraint, personal freedom and responsibility, small government, free enterprise and strong families.
