### **HOUSE REPUBLICAN ALLIANCE ELECTS LEADERSHIP FOR 2013-2014**

Concord, NH –The House Republican Alliance (HRA) elected new co-chairs for the upcoming 2013-2014 session. Keeping in the tradition of the HRA, we elect three co-chairs to serve for the two-year session.

Al Baldasaro from Londonderry is a fourth term representative who has served on Election Law and was Chairman of State-Federal Relations and Veteran Affairs during the 2011-2012 session. He looks forward to working with the Republican leadership and all his fellow HRA members in stopping the Democrat spending and protecting the taxpayers/small business owners.

Carol McGuire from Epsom is entering her third term and has been a member of Executive Departments and Administration. Most recently, she was Chairwoman of that committee. She was also on the Joint Legislative Committee for Administrative Rules (JLCAR).

Pamela Tucker from Greenland is a third term representative who has been a member of Environment and Agriculture committee, Vice-Chair of the Rules committee and she was the House Deputy Speaker in the last term.

All three members have been actively involved in the HRA in the past and have much experience in both policy and procedure. In their new roles, they will work with House Leadership to promote legislation that is best for all New Hampshire citizens, including supporting a responsible budget. The goal is to keep our government living within its means without burdening the taxpayer with more taxes and fees and preserving individual personal liberties.

All three members expressed gratitude toward the outgoing chairs, “We wish to thank the outgoing co-chairs, Marilinda Garcia, Dan McGuire, and Stephen Palmer for all of the work over the past two years.”

The House Republican Alliance is open to all Republican members of the New Hampshire House of Representatives. The mission is to promote good legislation that supports the New Hampshire and U.S. Constitutions and the New Hampshire Republican party platform of limited government and liberty.
