**HRA Analysis:** This bill requires the Governor to review any overseas deployment orders of our NH National Guard, and requires the Governor withhold permission should the reason not be constitutional or due to invasion of the USA or an insurrection. **HCR1**, relative to urging Congress to practice fiscal restraint and applying to Congress for a Constitutional Convention for such purpose. **Maj. ITL; Min. OTP Vote: 19-2**

**HRA Analysis:** Part of this bill is innocuous and ineffective, simply urging congress to practice fiscal restraint. This is something we already do by our elections of conservative members when we can. The second part of this bill is more troubling as it calls for a Convention of States to revise the Constitution, and there are conflicting viewpoints as to the danger of that action as far as not being bound to specific issues and exposing the Constitution to liberal revision.
